## LEGEN SIGNATURE

### LEGEN BERRY

48,000

**Legen**, which comes from the Javanese word "legi" meaning sweet, forms the unique, traditional base of this refreshing drink. Legen is originally made from the sap of the Arenga pinnata (Sugar Palm/Aren tree) flower, which is tapped and traditionally collected in bumbung (bamboo containers) overnight.

This traditional sweetness is then transformed by a vibrant blend of flavors: sweet strawberry syrup, fresh-cut strawberry pieces, and a bright squeeze of lime juice.

The result is the Legen Strawberry Splash: a perfect fusion of Indonesian heritage sweetness with a contemporary, tangy berry refreshment.

**Legèn**, yang berasal dari bahasa Jawa "legi" yang berarti manis. Legèn dibuat dari nira (getah) bunga pohon Aren (pohon Enau) yang disadap dan dikumpulkan secara tradisional di dalam bumbung (wadah bambu). Nira bunga Aren ini dikumpulkan semalaman, menghasilkan rasa manis alami yang unik.

Manis tradisional Legèn kemudian dipadukan dengan perpaduan rasa yang cerah:

sirup stroberi manis, potongan buah stroberi segar, dan perasan air jeruk nipis yang tajam.

Hasilnya adalah Legen Strawberry Splash: perpaduan sempurna antara rasa manis warisan Indonesia dengan kesegaran beri yang modern dan menyegarkan.
